Consent and Authorization for Electronic Communication (E-Mail)

To save your Association Membership the expense of mailing required documents and facilitate a fast and easy communication process, the Board of Directors has elected to contact you for permission to use electronic mail to notify you as needs arise. Notifications will be items such as annual meeting dates, events of interest, board meeting dates, meeting places, proxy notifications, etc. If this creates a hardship or you do not use emails, we will still be able to send notifications promptly through the mail. You may withdraw your authorization at any time should you change your mind.

As referenced in the "Amended and Restated By-Laws Mount Royal Airpark Property Owners, Inc.", Article III "Member Meetings" Section 2, and again in Article IV, Section 8, the recorded owner(s) of lot number(s) _____ at Mount Royal Airpark, Putnam County, FL request that all notices of meetings, proxy forms, ballots, and other matters of common interest be sent by electronic communication to the address provided by the owner(s) in lieu of direct mail through the U.S. Postal Service.

I (we) understand that it is my (our) responsibility to forward to the MRAPPOA any change in an electronic address within seven days of such change.
